EDUCATION

Vellore Institute of Technology

B.Tech-Computer Science and Engineering , CGPA : 9.65

Bhopal, MP

Sept 2024 - Present

PROJECTS

NeuroBloom: AI Driven Personalised Content Generation Web App for Education

- Developed using **Web Technologies & Machine Learning** to generate Personalized Learning Content for study by analysis of **facial expression & environment noise** of user
- Conversation with NeuroBloom can resulting positively in **enhanced retention rates** and increased learner engagement and **cognitive skills**
- Facial Expression Analysis Module:** This module receives facial insights of the user and performs emotion analysis insights through NumPy, Open CV, FER, TensorFlow in order to achieve adaptive learning
- Noise Detection Module:** The Noise Detection Module receives surrounding audio samples and calculates ambient sound levels using python-based libraries- SciPy, NumPy
- GitHub:** <https://github.com/Divyanshu-karma/NeuroBloom>

TARA : Trademark Application Risk Assessment

- Trademark analysis system that evaluates and generates a structured legal risk assessment based on USPTO TMETP guidelines.
- Link:** <https://trademark-w18g.onrender.com/>

ShikshaManthan: A guided gamified AI-assisted platform that helps education NGOs to design LFA

- Link:** <https://shiksha-manthan.vercel.app/>

Ganga Bhumi AI: RAG-based AI application trained on specific dataset

- Link:** <https://ganga-bhumi-ai-eight.vercel.app/>

TECHNICAL SKILLS

Languages: Java, Python

Web Technologies : HTML5, CSS, JavaScript

Core CS Fundamentals : Data Structures and Algorithms (Basics), SQL , Operating System.

Practiced **Gen AI workflows**, including **Retrieval-Augmented Generation (RAG)** on open-source language models to strengthen LLMs fundamentals

POSITION OF RESPONSIBILITY

BitByBit Club Ganga Bhumi Club

Bhopal, MP

Core Member – Technical Team

Nov 2025 – Present

- * Designed and implemented an **AI-powered assistant fine-tuned on the club's internal data**, enabling centralized access to club-related information
- * Contributed to **backend logic and frontend UI development** for technical events, focusing on usability

ACHIEVEMENTS

- Secured **1st Position in Khargone District** in Higher Secondary Education, honored by the **Chief Minister**.
- Awarded the prestigious **STARS Scholarship (100% fee concession)** from VIT Bhopal.
- Solved **150+ DSA problems** across LeetCode and GeeksforGeeks.
- Programming with Generative AI** — NPTEL (Elite) certified.
